September 9-10, 2016

Chicago O'Hare Marriott

Course Director: Deborah E. Weber, MD, FACEP

Don't stress about your Oral Boards or
let anxiety get in the way of passing:
Let ICEP make the difference

Sponsored by the Illinois College of Emergency Physicians and American College of Emergency Physicians

ICEP's Oral Board Review courses meet the needs of emergency physicians preparing to take the Oral Board Exam in Emergency Medicine.

Two powerful options to prepare you for your Boards:

Core Review - The Half-Day Course

- Start with a briefing on the exam, including the eOral; exam techniques; note-taking; and organizational tips
- Move into a strict simulation of the actual oral examination
- Practice six single and two multiple patient encounters one-on-one, and receive immediate feedback about your performance and how to improve it

Core Review Plus - The Full-Day Course

- More intensive preparation and more detailed tips and strategies for effective exam technique
- Extra information and training to help you better understand the exam process, including the eOral, and build confidence
- Start with seven cases in which you'll interact with other course registrants and faculty, taking turns in the role of examiner, examinee and performance critic
- Practice six single and two multiple patient encounters one-on-one, and receive immediate feedback about your performance and how to improve it

Selected single encounters feature enhanced images via a digital interface

Different cases presented each day of the course! Choose one or both programs depending on the intensity of review you are interested in.

spring dates:

Thursday, March 17

Friday, March 18

fall dates:

Friday, September 9

Saturday, September 10
