Dear Emergency Healthcare Professional,

On behalf of the Illinois State Council Emergency Nurses Association, we invite you to attend the 39th Annual Spring Symposium. The Spring Symposium Committee has spent the past year working diligently to continue the Symposium's tradition of quality education from recognized experts with the latest need-to-know evidence for emergency nurses and healthcare professionals.

Emergency nurses, nurses with an interest in emergency care, advanced practice nurses, and EMS providers are invited to participate in the Spring Symposium 2013. Continuing education credit will be applied for nurses and EMS providers.

The Spring Symposium is held again at the Wyndham Lisle-Chicago Hotel & Executive Meeting Center in Lisle, Illinois. This beautiful facility offers a wide variety of amenities for guests and Symposium attendees alike with a modern decor.

Back by popular demand, the 39th Annual Spring Symposium will feature Pre-Sessions, including the Advanced Clinical Program on Thursday, April 11 that are open to all attendees, and ENPC and TNCC Instructor Courses for New Instructors. The Thursday Pre-Sessions also feature the return of the Suture Lab, a hands-on workshop. In addition, the General Sessions, including the Keynote Address, Closing Address and Exhibit Hall, will be featured on Friday, April 12.

Come and join emergency nurses and healthcare providers from Illinois and beyond, network with your colleagues and update your emergency care knowledge. And don't forget to take advantage of the local area attractions, including The Morton Arboretum and multiple shopping venues.

We look forward to seeing you in Lisle!
