ANNUAL BUSINESS MEETING

Annual Business Meeting May 1, 2014

MINUTES

The 2014 Annual Business Meeting of the Illinois College of Emergency Physicians (ICEP) was held on May 1, 2014 at Northwestern Memorial Hospital in conjunction with the 2014 ICEP Spring Symposium. President Edward Ward, MD, MPH, FACEP, called the meeting to order at 8:30 AM.

I. President's Report

Dr. Ward thanked all of the individuals who made the meeting possible, including Northwestern Memorial Hospital and the event sponsors.

Dr. Ward reviewed some of the accomplishments of the past year, highlighting legislative updates: support for Poison Control funding, the ACEP Report Card as a tool for reform, and ICEP's presence on several key workgroups. He recognized Illinois' two members who serve on the national ACEP Board of Directors: Rebecca Parker, MD, FACEP, and Mark Mackey, MD, FACEP. Dr. Ward noted ICEP's increased financial stability in 2014 as a result of selling the former office space, refinancing the current office, and continued partnerships with ITLS and tenants.

II. Recognition of Outgoing Board Members

Dr. Ward recognized ICEP's four outgoing Board members: Helene Connelly, MD, FACEP; Marc Dorfman, MD, FACEP; Heather Prendergast, MD, FACEP; and resident member John Moustoukas, MD. All were thanked for their service to ICEP.

III. Announcement of Board Election Results

Dr. Ward announced the results of the Board of Directors elections. Four active members and one resident member were elected in 2014. The active members elected were incumbent Mila Felder, MD, FACEP and new members D. Mark Courtney, MD, FACEP; Yanina Purim-Shem-Tov, MD, FACEP; and Ernest Wang, MD, FACEP. Archit Gulati, MD was elected as the resident member. Dr. Ward congratulated the incoming Board members.

IV. Presentation of Awards

A. Downstate Member Award

Walter Bradley, MD, MBA, FACEP was presented with the Downstate Member Award, which is conferred upon an ICEP member from outside the metropolitan Chicago area who has made a consistent effort to advance emergency medicine in Illinois despite
