Simulation Fellowship Director, Director of Simulation, Assistant Professor Emergency Medicine, University of Illinois College of Medicine at Peoria; Attending Physician, Department of Emergency Medicine, OSF Saint Francis Medical Center; Peoria, IL

Greg Podolej, MD

Assistant Professor Emergency Medicine, University of Illinois College of Medicine at Peoria; Simulation Fellow, JUMP Trading Simulation and Education Center; Peoria, IL

8:10 AM - 9:10 AM

Out of Hospital Hemorrhage Control

Brandon B. Bleess, MD, EMT-T

EMS Academic Faculty, Clinical Assistant Professor Emergency Medicine, University of Illinois College of Medicine at Peoria; Attending Physician, Department of Emergency Medicine, OSF Saint Francis Medical Center; Peoria, IL

OBJECTIVES:

- Understand out of hospital hemorrhage control options, methods of patient access, and transport options
- Discuss public access hemorrhage control and public health initiatives

9:10 AM - 9:30 AM

Break and Visit Exhibits

9:30 AM - 10:00 AM

ICEP Update

Yanina Purim-Shem-Tov, MD, MS, FACEP

President, Illinois College of Emergency Physicians; Associate Professor & Vice Chairperson, Faculty Development and Research, Department of Emergency Medicine; Medical Director of Chest Pain Center; Rush University Medical Center; Chicago, IL

10:00 AM - 10:10 AM

Break and Visit Exhibits

10:10 AM - 11:00 AM

Cardiopulmonary Resuscitation – From the Past into the Future

Dr. Purim-Shem-Tov

OBJECTIVES:

- Analyze unsolved issues with cardiopulmonary resuscitation and lessons learned from the past
- Examine emerging modalities to enhance resuscitation outcomes in the future with strategies to improve survival
- Evaluate the utilization of beta-blockers in VF arrest

11:00 AM - 11:15 AM

Break and Visit Exhibits

11:15 AM - 12:05 PM

The Top 10 EM Articles from 2017

Dr. Hafner

OBJECTIVES:

- Review current literature to outline important advances in emergency medicine from key articles in 2017
- Analyze the implications and limitations of the studies on the practice of clinical emergency medicine

12:05 PM - 12:20 PM

Lunch Pick-Up & Last Chance to Visit Exhibits

12:20 PM - 1:10 PM [Lunch Presentation](#)

Pediatric Trauma Pearls

Dr. Podolej

OBJECTIVES:

- Describe the relevance of at least three physiological differences in pediatric patients as compared to adults in response to trauma
- Formulate a systematic approach to the evaluation of pediatric traumatic injury
- Describe at least three nuances in the management of pediatric trauma as compared to trauma in adults

1:10 PM

Morning Session Adjournment & Evaluation

1:15 PM - 4:15 PM

Simulation Skills Workshop (optional)

JOIN US!

1:15 PM - 4:15 PM

Cost: \$99

Register early -
space is limited!

Simulation Skills Workshop

Join ICEP in the afternoon in the state-of-the-art sim lab for hands-on skills practice. Spend 90 minutes at each module and earn a maximum of 3 AMA PRA Category 1 Credits™.

MODULES:

Pediatric Trauma

Dr. Nadir

OBJECTIVES:

- Understand how pediatric anatomy and physiology change the approach to pediatric trauma
- Perform a systematic evaluation and treatment of a pediatric trauma patient
- Utilize a team-based approach with appropriate resource allocation to perform a coordinated resuscitation

Pediatric Resuscitation

Dr. Podolej

OBJECTIVES:

- Understand the pathophysiology behind hypoxic congenital heart defects
- Apply targeted treatment toward specific congenital heart defects
- Anticipate and prepare for complications during management

Add on to your EM Update registration or attend the Sim Workshop only!

Continuing Medical Education

Physicians -- This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the American College of Emergency Physicians and the Illinois College of Emergency Physicians. The American College of Emergency Physicians is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American College of Emergency Physicians designates this live activity for a maximum of 6.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Approved by the American College of Emergency Physicians for a maximum of 6.5 hours of ACEP Category I credit.

Nurses -- The American Nurses Credentialing Center's Commission on Certification will accept CME credit for 50 percent of a registered nurse's certification requirements.

EMT and Prehospital/RN/ECRN -- This continuing education activity is approved by the Commission on Accreditation for Pre-Hospital Continuing Education (CAPCE) for a maximum of 6.5 continuing education hours (CEH).

This conference provides 3.5 hours of pediatric topics that can be used in hospitals recognized in Illinois as a Pediatric Critical Care Center (PCCC), Emergency Departments Approved for Pediatrics (EDAP) and Standby Emergency Departments approved for Pediatrics (SEDP).

This conference provides 3.5 hours of trauma topics. The Illinois Emergency Medical Services and Trauma code states that Emergency Physicians working in Level I or Level II trauma centers must have 10 hours of approved AMA or AOA trauma CME per year.

Cancellation Policy: Because of the high costs associated with conducting this course, no cancellations will be honored. Substitute registrants will be accepted.
