EMERGING EFFECTS
of Legalized Drugs of Recreation

Thursday, May 7, 2020
Northwestern Memorial Hospital Chicago

presented by Illinois College of Emergency Physicians & American College of Emergency Physicians

EMERGING EFFECTS of Legalized Drugs of Recreation

- **The impact on legalized recreational cannabis in Illinois**, presented by Trevonne M. Thompson, MD, FACEP, FACMT, will explore clinical implications of recreational cannabis use in emergency department patients, including physical and psychological manifestations, legality, and clinical care experiences in Colorado and Illinois.
- **E-cigarette and vaping-associated lung injury** presented by Dan McCabe, MD, will illustrate the rising incidences of EVALI, discussing how patients with vague respiratory symptoms without an obvious etiology should be questioned about electronic cigarette and vaping use. This session will also demonstrate how to explain appropriate return precautions and counsel all patients about the acute and chronic effects of these products.
- **Update on ED boarding** presented by Ernest Wang, MD, FACEP, to address the hot topic ranked by members as one of their top priorities in Illinois. This session will focus on ICEP initiatives as well as an update on other key Chapter activities.
- **Plus:** Favorites including the Resident Speaker Forum, Statewide Research Showcase, ICEP Update, Awards Presentation and Annual Business Meeting
