

COVID-19 FRONTLINE THERAPIES:

Navigating Through This Health Crisis and Optimizing Patient Care

MONDAY, JUNE 7, 2021 | 12:00 PM – 1:00 PM CENTRAL

Virtual Summit live at: 1:00 PM EASTERN; 12:00 PM CENTRAL; 11:00 AM MOUNTAIN; 10:00 AM PACIFIC

FEATURES

- Interactive, Case-based Learning
- Complimentary Personalized Online Poster Portal
- Whiteboard Animations

PROGRAM CHAIR **Juri Boguniewicz, MD**

Assistant Professor of Pediatrics
Section of Infectious Diseases
University of Colorado School of Medicine
Aurora, CO

► **REGISTRATION** | To pre-register for the live event, please visit **WWW.ACEP-IL.COM** or call **207-847-0613**

PROGRAM DESCRIPTION • This program provides a comprehensive and up-to-date perspective on the ever-changing management of patients with COVID-19 who present to the emergency department. The session features in-depth case studies to encourage retention of the lessons and provide new perspectives on the management of patients during the COVID-19 pandemic. The case studies will focus on different issues facing clinicians, such as identifying patients who would benefit from monoclonal antibody therapy and best practices for incorporating agents authorized for emergency use into the care of hospitalized and non-hospitalized patients with COVID-19. Strategies for administering neutralizing monoclonal antibodies, such as referral to local infusion centers or developing in-clinic infusion capabilities, will also be discussed.

LEARNING OBJECTIVES • Upon the completion of this program, attendees should be able to:

1. Assess the rationale for the use of new virus-neutralizing monoclonal antibodies to mitigate the risk of viral resistance to therapy
2. Critique the efficacy and safety of new virus-neutralizing monoclonal antibody therapies and other therapies approved for emergency use in all patients who test positive for COVID-19
3. Develop in-clinic infusion capability in order to administer new virus-neutralizing monoclonal antibodies to patients with COVID-19 at the point-of-care
4. Use guidance and resources developed to promote safe and responsible use of infusion therapies for treating patients with COVID-19

TARGET AUDIENCE • This CME initiative is designed for HCPs who are involved in the care and treatment of patients with COVID-19, including physicians, NPs, PAs, nurses, and pharmacists across emergency medicine, primary care, family medicine, infusion centers, and the Department of Veteran Affairs.

ACCREDITATION STATEMENT • Med Learning Group is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. This CME activity was planned and produced in accordance with the ACCME Essentials.

CREDIT DESIGNATION STATEMENT • Med Learning Group designates this live virtual activity for a maximum of 1.0 *AMA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the live virtual activity.

NURSING CREDIT INFORMATION • This program would be beneficial for nurses involved in the treatment of patients with COVID-19. Credits: 1.0 ANCC Contact Hour.

CNE ACCREDITATION STATEMENT • Ultimate Medical Academy/CCM is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. Awarded 1.0 contact hour of continuing nursing education of RNs and APNs.

AMERICAN COLLEGE OF EMERGENCY PHYSICIANS • This program is not yet approved for ACEP credit. Conference organizers plan to request 1.0 of ACEP Category 1 CME credit from the American College of Emergency Physicians. Total number of approved credit yet to be determined.

DISCLAIMER • Med Learning Group makes every effort to develop CME activities that are scientifically based. This activity is designed for educational purposes. Participants have a responsibility to utilize this information to enhance their professional development in an effort to improve patient outcomes. Conclusions drawn by the participants should be derived from careful consideration of all available scientific information. The participant should use his/her clinical judgment, knowledge, experience, and diagnostic decision-making before applying any information, whether provided here or by others, for any professional use.

For CME questions, please contact Med Learning Group at info@medlearninggroup.com.
