

Elisabeth M Giblin, MD

March 31, 2025

To the members of the ICEP Board of Directors,

My name is Elisabeth Giblin and, along with my CV, I'm formally submitting this letter for your consideration.

ICEP is an extremely important organization, especially in the current political climate, to stand for the interests of emergency medicine. I am honored by the opportunity to apply and be considered to join the Board.

I believe I have the right blend of experiences for this role. I currently serve on the ISMS Council of Economics, Reference Council and am the Chair of the ISMS Council of Medical Services. My advocacy efforts started within the state medical society and it is a relationship I hope we can bring to ICEP. I have also recently completed the EDPMA Emerging Leadership Academy Fellowship and serve on their State Legislative Council. While this is a more business forward association of EM, the resources they provide can be beneficial.

I have met many of you as co-chair for the Physician and Patient Advocacy Committee for the past two years. I understand the growing needs of EM physicians to have a voice in local, state and federal government. I look forward to our upcoming state legislative day in April.

Emergency Medicine is at a turning point. I hope to come together with you and our allies to ensure the needs of our physicians and patients are taken care of.

Thank you for your consideration.

Betsy
